## Glossary

### Certified Pre-Owned Vehicle

Certified Pre-Owned Vehicles (CPOs) are used vehicles that meet the certification criteria established by the manufacturer. Although each manufacturer establishes its own criteria to certify a vehicle, manufacturers typically certify recent model year vehicles with low mileage. CPO vehicles typically undergo a comprehensive inspection and come with a manufacturer-backed warranty and require a vehicle history report as part of the certification process.

### First Owner

When the first owner(s) obtains a title from a Department of Motor Vehicles as proof of ownership.

### Fleet Vehicle

Vehicle was registered or sold to a company that manages vehicle fleets.

### Ownership History

CARFAX defines an owner as an individual or business that possesses and uses a vehicle. Not all title transactions represent changes in ownership. To provide estimated number of owners, CARFAX proprietary technology analyzes all the events in a vehicle history. Estimated ownership is available for vehicles manufactured after 1991 and titled solely in the US including Puerto Rico. Dealers sometimes opt to take ownership of a vehicle and are required to in the following states: Maine, Massachusetts, New Jersey, Ohio, Oklahoma, Pennsylvania and South Dakota. Please consider this as you review a vehicle's estimated ownership history.

### Title Issued

A state issues a title to provide a vehicle owner with proof of ownership. Each title has a unique number. Each title or registration record on a CARFAX report does not necessarily indicate a change in ownership. In Canada, a registration and bill of sale are used as proof of ownership.
